Go through the deer fence gate on the right and down through the coppice of old scot pine trees. Head down the steep bank and you will find a small pebble beach and on the other side of the river, a small cave. A good place to swim...weather permitting! Return along the rough path above the river giving great views of the falls to join the road to the cottages at the bridge over the river. Walk back to the cottages along the road. Sheep may be present in the fields and woods so please keep your dog under close control and follow any signs. (1.5 km; 25m ascent)

Glentruim Forest Walk: From the gate beside the gym, walk west up the track and across the field above the cottages (the track becomes less distinct but keep heading uphill) to a sign post in a gap in the wall. Turn right and follow the track across the hillside and through a gate into a recently felled area of forestry. At the junction of tracks pause to take in the stunning view up the Spey valley west towards Laggan before turning right to follow an obvious track to the right of the obvious knoll. The track gradually descends and turns to the left and ~1km joins the Glentruim road close to a small house. Turn left and follow the Glentruim road uphill past the Main of Glentruim farm to a layby and memorial stone. Turn left and follow a track uphill, which after 250 metres leads back to the junction of tracks. From here the walk follows the outward path back to the cottages. (6km; 150m ascent)

See **RED** route on the map on p31.
